

Hi Andrew,

I'm pleased to share that your pre-employment screenings are complete and clear, and you are officially cleared to start on **5/19/2025**. Your People Leader (manager) is cc'd on this email and will reach out to you about Day 1 instructions.

Important Reminder Regarding Onboarding Tasks:

Please ensure all onboarding tasks in [Workday](#) are complete. As part of your onboarding, you are required to complete Section 1 of your I-9 prior to your start date. This task is the final onboarding task to complete in Workday. You will meet with a member of the **GE Aerospace** team within your first 3 days so that they can verify your documents and complete the Employer – Section 2 portion of the I-9. To review a list of acceptable documents, please visit [Form I-9 Acceptable Documents | USCIS](#).

If you have questions about your pre-employment onboarding tasks, feel free to reach out to me

Welcome aboard!
